

 Today  is  my  party.

 I  chose  which  animals  I  want to  come.

 POTG  park  outside.

 They  bring  the animals  in  trolleys.

 They  put  a mat  on the floor.

 They  put  up  their  banner.

 They  take  the animals  out of  the trolleys.

 The animals will stay in their enclosures while the team

 place them into their spots.

 The POTG team looks after the animals.

 We all sit down in a circle around the mat.

 I clean my hands with hand sanitizer or a wipe, its my

 choice.

 We then meet the animals one at a time.

 Some animals sit on the mat. Some sit in a basket.

 Some animals can sit on my arm or my lap.

 When it is my turn, I can hold an animal.

 I can stroke the animals with gentle hands.

 I do not have to hold an animal. I can just watch.

 If I feel worried, I can move away for a little while.

 I stay sitting down and use a quiet voice.

 My family and friends can take photos of me with the

 animals.

 I  wash my hands  again  when  i  am finished.

 Everybody  gets  a sticker.

 I  get  a birthday card.

 Inside  there is a  POTG  pen  or keyring.

 Then  the animals  go back  to their  home.

 I  had  a lovely  party.
